

FALL 2024/25 NEWSLETTER

Life in the Faculty of Management was buzzing with energy as students returned from a well-deserved break and jumped right into classes. As we kick off the new year and semester, it's a great time to reflect on our successful fall semester. The DCS worked hard to ensure a smooth return to campus, organizing events such as a boat cruise, a jersey party, several case competitions, and raising funds for men's health. Our umbrella societies have been excelling in engaging students, and it's been uplifting to see the enthusiasm and involvement on campus. If you haven't already, consider joining one of our societies and stay tuned on social media for exciting upcoming events we have planned for the winter 2025 semester.

NOVEMBER '24

The Dalhousie Commerce Society successfully surpassed our Movember fundraising goal by \$6,160!

Each year, the DCS and our umbrella societies actively participate in the month of Movember to raise awareness and funds in support of men's health. This year, we set a fundraising goal of \$10,000 - and we're proud to announce we exceeded our goal, raising an incredible \$16,160! DCS is extremely thankful to everyone who participated in Movember events and contributed to this achievement. We couldn't have done it without you!

MEET THE TEAM

Jackson Miller
PRESIDENT

For nearly a century, the Dalhousie Commerce Society has been a cornerstone of the Halifax community, steadfastly dedicated to enriching the experiences of students within the Faculty of Management. Our mission, to unite and represent students in the Dalhousie Bachelor of Commerce Co-op Program and offer enriching academic, social, charitable, athletic and professional networking events, while supporting our wider community, serves as our guiding principle as we evolve and grow. As the Dalhousie Commerce Society President, I am eager to continue building on our achievements and fostering a dynamic community that empowers each and every student to thrive.
